**From:** MARK LEJA  
Chief  
Division of Construction

**Subject:** Accessible Parking Implementation—Assembly Bill 1531 (DeSaulnier)

Assembly Bill 1531 changed standards for signing and marking accessible parking, effective July 1, 2008. Revised Standard Plans A90A—Accessible Parking Off-Street and A90B—Accessible Parking On-Street are to be used to implement these changes.

If you are administering a contract that includes the modification of parking facilities, prepare a contract change order to implement these revised *Standard Plans*. Non-standard signage and striping must be removed and replaced to comply with this new design standard. Include the cost of any rework, additional time-related overhead, and delay in your contract change order.

To implement AB 1531 and these revised *Standard Plans* on your project, you may modify the attached sample contract change order and contract change order memorandum.

Division of Construction approval of this contract change order is not required when the contract change order is written in accordance with *Construction Manual* Section 5-311B, “District Approval.”

If you have questions regarding this directive, please contact Michael Kissel, Division of Construction at (916) 654-2467 or [Michael\\_Kissel@dot.ca.gov](mailto:Michael_Kissel@dot.ca.gov).
